

#ChooseKindness

With the whole country dealing with the COVID-19 pandemic, many students are home from school due to quarantine efforts. Our partner NIMCO is hoping to alleviate the stress of isolation by providing you with a fun activity that you can do from home. Over the next few weeks, they are asking students to create artwork or photo illustrations that demonstrate kindness. These submissions can be original drawings, photos of your children or teens being kind (if you're a parent) or your volunteer efforts. Once you have created the art or illustration, take a photo and email it to **support@nimcoinc.com**. Be sure to include the hashtag #ChooseKindness in the subject line. They will add the photos to a special #ChooseKindness section of their website. Don't forget to be creative!

National Family Partnership (Sponsor of Red Ribbon Week)
